SAFE HAVEN REDHILL – ONLINE APPOINTMENTS

(6.00pm – 11.00pm 365 days a year)

People in crisis are able to attend a Safe Haven consultation online via a video call. Video calling is as convenient as a phone call with the added value of face-to-face communication. It can save time and money and remove the

issue of out of hours travel, bringing free expert care closer to home.

For a virtual visit, when you click on the link below you enter the clinic's online waiting area. The Health Service is notified when you arrive and your clinician will join you when ready without needing to create an account.

Click on the link: <http://nhs.vc/sabp/safe-haven-redhill>

- On this web page, click the Start video call button and follow the instructions
- Your healthcare provider sees you arrive in the waiting area queue and joins you in your video room as soon as they are available

If your call is not answered because of an emergency at the Safe Haven you are trying to reach then another Safe Haven will take your call.

It is secure as no information is stored; video calls are secure and your privacy is protected. You have your own private video room that only authorised clinicians can enter.

How much does a video call cost? The video call is free (except for your internet usage.)

How much internet data will you use? You do not use any data while waiting for a clinician to join you. A video call uses a similar amount of data to Skype or FaceTime.

MASH

This photo by...

**(Men Alone Self Help Group)
Every Tuesday at 3.00pm
The Woodhatch Centre, Whitebeam Road,
Reigate RH2 7LS**

MASH is for men who are on their own following the loss of their partner.

The reason for starting MASH was driven by the lack of bereavement groups specifically for men and recognising that their needs at this time are different from those of women. Generally, men find it more difficult than women to deal with emotional issues and in traditional bereavement groups are outnumbered by women who have different coping strategies and are usually more emotionally literate.

MASH meetings do not follow an agenda and are in the form of a social gathering. Members can say as much or as little as they want about any topic. Meetings enable members to socialise, share their experiences and learn from others. Mutual respect is an essential ingredient.

Typically, 5-8 men attend each meeting. Over the years more than forty men have come to the meetings. They have come from a wide variety of backgrounds. While

MASH does not organise other activities, individual members do meet up to help one and another and share their interests and hobbies.

MASH also runs another group at the Medwyn Centre, Reigate Road, Dorking RH4 1SD every Thursday at 3.00pm.

Recovery & Connect - Surrey & Borders Partnership NHS Foundation Trust

Recovery & Connect is a new community-based outreach service that is being piloted to support people who seek help from the 24-hour Mental Health Crisis Helpline provided by Surrey & Borders Partnership NHS Foundation Trust.

Recovery & Connect workers will help individuals build resilience around managing their mental health – connect people to more appropriate services that will benefit them – aim to reduce a person's dependency on crisis support for their mental health.

The Recovery & Connect workers will work with an individual for up to three months following a referral.

The support being provided:

Work with clients to create a wellbeing support plan, centred around them to help them manage their mental health and wellbeing.

Make it easier to connect to other services by setting up technology, organising transport, etc.

Work closely with other organisations already involved in their care and provide help with booking and attending appointments.

Coordinator and bridge them to other services and opportunities, provide advice, information and signposting, including clear information about what support is locally.

Referral process – Anyone aged seventeen and older can be supported by Recovery & Connect. The Mental Health Crisis Helpline (Single Point of Access) will refer individuals.

New In-Reach Service - Surrey & Borders Partnership NHS Foundation Trust

The new In-Reach Service is an outreach service being piloted in selected Surrey & Borders Partnership NHS Foundation Trust hospital wards to help people successfully transition from a ward to home.

In-Reach workers will support a person to plan for a move home up to two weeks before they leave hospital and will continue to provide help for up to three weeks after their hospital discharge.

Some of the ways in which In-Reach can support you:

They will provide practical and pastoral support and help identify services in the community that could be of assistance. The In-Reach will work closely with all the other health and care professionals involved in a person's care.

ADULT EATING DISORDERS SERVICE TRANSFORMATION

Are you interested in helping to shape the development of our new expanded service? If so, we're keen to hear from you!

The adult eating disorders service is seeking expressions of interest from people keen to become involved in informing the development of our service expansion.

This expansion will see the development of a new pathway, which is integrated with primary care, and which focuses on the delivery of services for people with mild and recent onset eating disorders.

We're especially keen to involve people with lived experience of eating disorders, their family & carers, as well as healthcare professionals in the new pathway development. You can have as much or as little involvement as you wish, and no prior experience of service development is required.

You can register as a Stakeholder if you wish to be kept informed of the developments and wish to comment on the evolving plans. Alternatively, you might

be interested in joining our Co-Production Reference Group which will be meeting via the MS Teams digital platform.

If you are interested in becoming involved, please register your expression of interest by contacting: rx.aedsenquiries@nhs.net.
